

Our workshops involve in-depth teaching and practice designed to both enrich your spiritual growth and enhance your quest to become more of the person you were created to be. This journey will enable you to experience greater authenticity, wholeness and Christ-likeness in all areas of your life.

This workshop will be taught by Dr Peter Holmes and The Men's Rapha Team, sharing from their own personal experience and from many others they have taught and supported. Dr Susan Williams will also be making a guest appearance. It will include practical steps for you to follow during and after the workshop to help you become more of who you were created to be.

Peter is an experienced speaker, pastoral counsellor and author from UK, where the Rapha Journey originated. The Rapha Journey is a step-by-step Biblical process of growing into greater wholeness and (when you are ready) a deeper relationship with God.

What is the workshop about?

During the weekend, we are going to dig into the concept of “Authentic Manhood”. Many men in our society have been fed a lie when it comes to manhood and this has left them with a distorted view of what it means to be a man. This weekend, we will explore the emotional, psychological and spiritual aspects of authentic manhood.

"As a little boy, I instinctively looked up to my dad, knowing that one day I would become like him. Over time, my relationship broke down leaving a little boy's longing neglected and unmet. This left my heart vulnerable to whomever would speak into my life. Most of the time, this input was unhelpful and damaging. As a man, this left me vulnerable to continue the hurtful cycles with those closest to me. In the men's community, I have been actively working to heal these wounds, aiding my growth into honorable manhood."

– A man on a Rapha Journey

This weekend is for you if:

- You think or believe there has to be something better!
- You are tired of the stereotypical messages about manhood from our society and culture
- You are wanting to explore God's perspective on manhood
- You want to create and nurture honorable relationships with women
- You want to better understand the parallels and differences between men and women

The Rapha Community creates space for men to grow in courage and discover the power of humility as we pursue a journey of genuine wholeness and deeper Christ-likeness. We are building a culture of authentic manhood, where in strength and safety we can explore any challenge, standing together to discover the uniqueness of the man God created us to be.

Dr. Peter Holmes and the Men's Rapha Team will be leading this event and are available to meet one-to-one and provide support for those who want to address particular issues.
